

Leonay Public School

'Bring your own Device' (BYOD) 2022

Leonay Public School is excited to continue 'Bring your own device' to our school in 2022. This means that the students in Stage 3 (years 5 & 6) can bring their own device to school every day to enhance and support their learning. **This is not a compulsory requirement.** Your child will not be disadvantaged if you choose to not send an iPad to school. We have a number of iPads and other technology that your child can access at times.

The advantages of student owned devices include;

- Anytime, anywhere access to class resources, support and extension activities.
- The ability to develop "digital" folders and exercise books for their activities.
- Greater ability to communicate with teachers and peers to support their learning.
- Access to unlimited resources and information on the internet.
- The ability to draft, redraft and publish their work at the click of a button.
- Allowing students to become independent, active partners in their learning.
- Enhanced opportunities to learn by offering students virtual experiences and tools that save them time, allowing them to take their learning further.

BYOD Guidelines

- The device is the responsibility of the student whilst at school just like any other piece of equipment they might bring to school.
- Security measures for safe storage will be provided, but ultimately the device is the responsibility of the student. The classrooms will be available between 8:40am and 8:50am each day for students to safely store their devices. Outside these morning times, the iPads remain the responsibility of the students.
- Within school grounds students are not permitted to have their devices out of their school bag after 8.30am unless directed by a staff member.
- The device is covered by the owner's insurance.
- Students will be responsible for their own device and will place it inside their classroom at the start of the day and leave it there. The device will return home and be charged at the end of each day.
- Students must not let others use their device.
- The school will not be held responsible for loss or damage to the device. Students bring their own device for use at Leonay Public School at their own risk.
- Leonay Public School does not support or warrant the device.
- If you are concerned that the device is going to be broken, lost or stolen, you may wish to opt out of allowing your child to bring their device to school.
- The purpose of the device is to support the student's learning.
- Students will only be able to use the device in-class under teacher supervision.
- The device is used at the class teacher's discretion and with the class teacher's knowledge.
- The school may not be able to support any technical issues and/or upgrades of the equipment/device.
- Standard school discipline procedures apply for misuse of the device contrary to the BYOD Agreement.
- The internet will only be accessed via the school WIFI and through the student's portal logon. (No 3G access)
- No software downloads or updates will be carried out at school on student owned devices.

LEONAY PUBLIC SCHOOL

BRING YOUR OWN DEVICE AGREEMENT

Student Agreement

I agree to use my device at our school in a responsible manner for purposes stated by my teacher.

When working on my device I will:

- Only remove my device from my bag in the morning when asked by my teacher.
- Only work on tasks specified by my teacher.
- Use my own portal/internet log-in details and will never share them with others.
- Not use my own device to knowingly search for, link to, access or send anything that is offensive, threatening, defamatory, considered to be bullying.
- Not use apps or go to websites that my teacher hasn't asked me to.
- Remember that my device is mine and I will not let others use it.
- Be responsible for charging and keeping my device inside the classroom in the designated secure location.
- Follow school guidelines and procedures when preparing materials for publication.

I understand that breaches of the rules will see me lose the privilege of bringing my own device to school for a period of time determined by my teacher and the principal.
